

CCV STARS INTEGRA Commitment Letter

Dear Player/Family,

Congratulations on being selected to the CCV STARS INTERGRA Soccer Program. We are excited about you joining our family. Please read this carefully as we are in the process of transitioning from our prior Excel/Jr. STARS program to the next generation INTEGRA and INTEGRA Academy. As we move in this direction we want to do our best to communicate our intentions for what we have in store for this exciting new era. In the INTEGRA programs we are looking to create youth competitive soccer teams which will play in the local and regional community and will be our CCV ambassadors for youth sports. We will be focusing on the players, parents and coaches to be fantastic leaders and role models. We will train each group before and during the season so that they are well prepared to respond in a Godly way when passion and adversity strike in the real world. We also hope to set a new standard for youth sports in this area by our example. In order to be successful, we will need your full cooperation.

Here are the key pillars for the new program:

- Character and Integrity
- Respect
- Serving others
- Teamwork
- Responsibility
- Leadership
- Academic importance
- Commitment to excellence

Each pillar will demand your participation in various ways. We expect that each parent will be connected to their child and in support of your coach to accomplish these. As we roll out our training for each it will be very important that you attend. We also expect that you will support your child, team and club in order to achieve these pillars for success. We want to PARTNER with you and your family to teach and raise-up your children and the others in a Godly way so that when they experience the real world of life they will have additional tools to fall back on. We will be focused on trusting one another, respecting those we come in contact with, being honest at all times, doing what you say you are going to do, completing tasks on time every time and how to encourage and pray for one another.

We also will be training our coaches so that they can partner with the parents to be the kind of Godly role models that will raise-up the next generation leaders. Our coaches are committed to stepping up to this awesome challenge both on the field and off. With this will come renewed focus on the skills and soccer abilities necessary to be great representatives for CCV in our community. We expect nothing short of our best effort every time we practice and play. We also will expect this from our players at home and during school.

We hope that our new direction is appealing to you. We will have more details shortly. We would like to know that you have read this and are committed to supporting us as we move forward. Please sign below.

Parent's Name _____ Parent's Signature _____ Date _____
Player's Name _____ Player's Signature _____ Date _____

Once signed we will provide you with the registration link to become an INTEGRA STARS!

Thank you very much!

Harry Demos
STARS Director
